

# EMERGENCY INFORMATION FOR GUESTS

## MEDICAL EMERGENCIES

In the event of a medical emergency, please dial 9-1-1 and contact a Lynnwood Convention Center staff person immediately. We can be reached by picking any house phone located in the facility (located outside of the restrooms on each floor). In addition, any uniformed Lynnwood Convention Center staff member can also assist you and contact the local authorities.

## ALARMS

In the unlikely event that an alarm is activated, all occupants of the facility should immediately proceed to the nearest exit and leave the facility. A horn will be sounded in the affected areas. The strobe lights on the walls will also be activated. While in the alarm condition, all elevators will recall to ground level and remain inoperative.
